

The APart CM6E is a dual cone 100V ceiling speaker that is equipped with a High Quality 100 Volt transformer with several power tapplings. The CM6E is very well suited for the distribution of microphone calls, publicity and evacuation messages.

The housing is made of high quality ABS.

The loudspeaker is easy to install, due to its simple, quick mounting system (3 screws which are hidden behind the loudspeaker grill, what gives the loudspeaker a modern and striking design).

The CM6E is standard available in white, black and silver colour. From 12 pieces on, the loudspeakers can be painted optionally in any other RAL colour

CM6E : white  
CM6E-BL : black  
CM6E-SLV : silver

## TECHNICAL SPECIFICATIONS
