

The APart CMR20T is a compact 2-way rectangular built-in speaker. It can be used as a 16 Ohm or 100 Volt loudspeaker. In 16 Ohm use, you can connect up to 4 loudspeakers in parallel on each channel of a standard 4 Ohm amplifier. For 100 Volt use, the CMR20T is equipped with a High Quality 20 watt 100 Volt transformer with several power tapings. These tapings can be selected via a switch that is hidden behind the loudspeaker grill.

The loudspeaker can be used with high ceilings or places where more back ground noise is present. The CMR20T comes with a 5.25" woofer and 1" tweeter and is therefore suited for both background music and microphone calls.

The housing is made of HQ ABS. The woofer has a treated paper cone, what makes the CMR20T moisture-proof.

Mounting is very easy due to the 4 screws that are hidden behind the speaker grill.

The standard colour is white. As an option the CMR20T can be painted in any RAL colour (Ref; PAINT-CM). Please note that the minimum order quantity for PAINT-CM is 12 pieces.

Also available: in-wall back box for CMR20T (Ref; CMRBBi).

On-wall back box for CMR20T (Ref; CMRBB).

## TECHNICAL SPECIFICATIONS

Type	2-way HiFi Pro
Woofer	5.25" treated paper cone
Tweeter	1" silk dome
Impedance	16 Ohm / 100V
Transfo Power Tapings	2,5 - 5 - 10 - 20 Watts (4k - 2k - 1k - 500 Ohm) Selector on front!
RMS Power 16 Ohm	
AES Rated	40 watt
Music - Program	60 watt
RMS Power 100 V	
AES Rated	20 watt
Music - Program	32 watt
SPL 1 watt/1 m	92 dB
Frequency Range	60 Hz - 20 kHz
Dispersion @ 1 kHz	180°
@ 4 kHz	70°
Dimensions	
Outside (H x W)	237 x 170 mm
Cutout (H x W)	210 x 143 mm
Depth	65 mm
Weight	1.3 Kg
